New Spring Suits of Fashionable \$14.75

Whipcord, Special, at
For Small Women & Misses
With the beginning of the second week in January the average woman begins to tire of her Winter wardrobe and is eager to don fresh, new, Spring-like garments of new and seasonable fabrics, with the new Spring-like touches at collar and belt, suits built on new lines, prettier and more trim than those for Winter wear.

We illustrate One of These Styles on Sale—
Ideal Fashions for Either a Small Woman or Miss.

This exceptional offering is made possible through the co-operation of a certain prominent maker who had on hand a quantity of MEDIUM WEIGHT WHIPCORD which he was only too glad to make into new Spring styles for us at a decided price concession, provided we used ALL the yardage. Because of the unquestioned desirability of the WHIPCORD we were only too willing to avail ourselves of this opportunity. The result is an advance showing of Spring suits which reflects credit to all concerned.

The material is just the thing for present and early Spring wear. The styles cannot fail to please discriminating women.

The coats are of absolutely correct fashionable length. Some have revers faced with white silk faille.

The skirts are flare models with belt, pockets or shirring. All of these misses' and small women's suits are MAN-MADE LINED THROUGHOUT. The linings are of rich guaranteed satin.

The colors (which include the latest Spring shades) are Browns, Greens and Blues. Also Black.

All sizes from 14 to 20. Small women to 38-inch bust can be fitted.

Both loose and belted styles are shown and the popular new Chin Chin collars, as well as the convertible and rolling styles are in evidence.
